PFAS DECLARATION

Per- and polyfluoroalkyl substances (PFAS), sometimes called "forever chemicals," is a group of thousands of substances widely used in many industries. Due to growing awareness of health and environmental concerns, PFAS are facing increasing scrutiny worldwide. In-force and proposed measures set restrictions or requirements on PFAS use in some jurisdictions, and due diligence may be necessary to meet legal obligations, ESG commitments, and/or business requirements.

STATEMENT

To whom it may concern,

We hereby send you information related to PFAS; this communication applies to all products sold or otherwise placed on the market by Peter Paul Electronics Co., Inc.

Products may contain PFAS chemicals, particularly in components manufactured with dynamic and/or static seals made from fluoropolymers FKM, FFKM, TFE/P, PTFE, PCTFE, or FEP materials, as well as in PTFE coated parts, PTFE jacketed coil lead wires and valves that require special lubricants. This information is provided for general awareness only and does not constitute a guarantee of chemical composition or regulatory compliance. The purchaser and end user are solely responsible for determining the suitability of these products for their intended use and for ensuring compliance with all applicable laws and regulations. Peter Paul Electronics Co., Inc. expressly disclaims any liability arising from the use of or reliance upon this information.

DECLARATION

I, the undersigned, hereby declare that the information provided above is accurate to the best of my knowledge as of the date below.
